

Summer school for advanced studies on biometrics: New technologies for security and privacy

June 9 - 13 2008

Course schedule

	9:00 - 9:30	9:30 - 11:00	Coffe break	11:30 - 13:00	Lunch break	15:30 - 17:00	Coffe break	17:30 - 19:00	19:30
Monday June 9	Massimo Tistarelli (University of Sassari) Opening	Arun Ross (West Virginia University) An Introduction to biometrics		Davide Maltoni (University of Bologna) Fingerprint recognition and performance evaluation	13:00 - 15:30	Alessandro Verri (University of Genova) Classifiers and learning theory		John Mason (University of Swansea) Introduction to speaker recognition	<i>Welcome cocktail</i>
	9:00 - 10:30		Coffe break	11:00 - 12:30	Lunch break	15:30 - 17:00	Coffe break	17:30 - 18:30	18:30 - 19:30
Tuesday June 10	Tieniu Tan (Chinese Academy of Science) Iris recognition			Massimo Tistarelli (University of Sassari) Face recognition technology	12:30 - 15:30	Mark Nixon (University of Southampton) Gait recognition		Farzin Deravi (University of Kent) Biometric standardization and testing	<i>Student presentations</i>
	9:00 - 10:30		Coffe break	11:00 - 12:30	Lunch break	15:30 - 16:30	Coffe break	17:00 - 18:00	18:00 - 19:00
Wednesday June 11	Martin Meintz (ULD Kiel) Security and Privacy			Josef Bigun (Halmstad University) Biometrics with Direction	12:30 - 15:30	Andrzej Drygajlo (EPFL Lausanne) Criptography and biometrics		Ben Schouten (Fontys University) Biometric systems and identity management	<i>Student presentations</i>
					Lunch break	15:00 - 16:30	Coffe break	17:00 - 18:00	18:30
Thursday June 12	Boat trip on Capo Caccia bay or other leisure activities				13:00 - 15:00	Barry Johnson (Privaris) Advancements in Biometrics and Identity Verification		Robert Rowe (Lumidigm) Spoof and liveness detection	<i>Visit to Alghero and Gala dinner (20:00)</i>
	9:00 - 10:30		Coffe break	11:00 - 12:30	Lunch break	15:30 - 16:30	Coffe break	16:30 - 17:00	
Friday June 13	Alice O'Toole (University of Texas) Biological recognition of human faces			Josef Kittler (University of Surrey) Multiple classifier fusion in biometrics	12:30 - 15:30	Fred Preston (Motorola) Industrial exploitation of biometric technology		Massimo Tistarelli (University of Sassari) Concluding remarks
